## LOCAL BREVITIES.

Dr. A. C. Roche has arrived home from Rochester, Minn., where he recently spent a few days.

At the St. Joseph's Slovenian church, a class of 110 children will receive confirmation on June 18, Right Rev. Frederick Els, bishop of the Marquette diocese being in charge of the service.

Everett, the two-year-old son of Mr. and Mrs. John Hall of Kearsarge, died today. The funeral will be held Wednesday afternoon from the Kearsarge M. E. church, Rev. H. Magahay officiating.

## ENGINEERS ARE READY.

Little Probability of Their Being Called Upon at Early Date.

Should Uncle Sam call upon the National Guard of the various states to lend their services in connection with any contingency that the new policy of dealing with the Mexican situation may involve, he will find no more efficient body, or no company better prepared or more willing for active service than the Calumet Engineers. The Engineers now include ninety-seven enlisted men and four officers, being the largest company in the state. Time and again the members have voiced their willingness to undertake any duty in connection with the Mexican situation which may seem desirable and there is no question but that practically the full command would volunteer for service should the occasion require.

Although locally it is not regarded there is much probability of the guardsmen being called upon for service, at least for the present, there is little question that the Engineers, because of the nature of their training, would be one of the first Michigan companies to go to the front. Having frequently had experience with special regular army instructors, the Engineers are about as efficient an engineering corps as can be found in the entire country, ranking but little short of the regulars.

It is felt in Calumet that the navy will be the only body of whom service is requested by the department unless the situation becomes much more serious than is regarded as probable now.

## FRANK ZIEHR IS MANAGER.

Will Succeed Chris Lowney at Portage Coal and Dock Co. Office.

Announcement was made today of the appointment of Frank Ziehr as manager of the Calumet office of the Portage Coal and Dock company, succeeding Chris Lowney, who held this position for an extended period and who tendered his resignation in order that he might assume his new duties as postmaster in Laurium.

The selection of Mr. Ziehr as his successor is a popular one, the latter having been connected the Portage Coal and Dock company here as assistant manager for about six years, and being thoroughly familiar with the affairs and business of the company.

James George will succeed Mr. Ziehr as accountant and assistant manager. The change became effective today.

## SEEKS M. W. OF A. HONOR.

It is announced by Soo members of the Modern Woodmen that an effort will be made to land the election of P. T. McArthur of that city as a delegate from the state to the national convention of Modern Woodmen of America, which will be held in Toledo in July. It is believed that Mr. McArthur has more than a fighting chance. At a recent county convention of the M. W. of A., twenty-five delegates, representing the lodges of the Soo, Brimley, Pickford, Duffer and Donaldson, were present and selected Mr. McArthur as the delegate to represent Chippewa county at the state convention, which will be held in Grand Rapids the week of June 4.

## GEORGE RULE FINE SINGER.

The many Calumet friends of George A. Rule, formerly of Tamarrack, now of Detroit, will be pleased to learn that he is making quite a name for himself as a baritone singer. Although a singer of more than usual ability while a resident of Calumet, Mr. Rule has advanced rapidly and is a baritone singer in one of the best known and most successful quartets in that city. Since a recent highly successful concert in one of the larger churches of that city under his direction, he has become very popular in Detroit.

## KEWEENAW ANNIVERSARY.

Saturday was the 53rd anniversary of the first meeting of the Keweenaw county board of supervisors, the county having been set apart from Houghton county by the legislature on March 11, 1861. There was no special observance of the anniversary in Keweenaw county.

## LEAGUE PLANS NEW PROJECTS

Woman's Auxiliary for Finnish Anti-Socialist League

At the meeting of the Finnish Anti-Socialist league, held in the Finnish hall on Eighth street last evening, it was decided to take immediate steps to organize an auxiliary branch for the ladies who also are interested in combating Socialism and re-establishing the good name of the Finnish residents of the copper country and the country at large.

It was decided to hold a big public mass meeting, with speakers in Finnish and English, in the Calumet Light Guard armory on May 10, for the purpose of acquainting the public generally with the aims and purposes of the league. This meeting will be the biggest of its kind ever attempted in the copper country and it is probable it will be a very interesting session. Plans are also being laid to counteract the activities of the Socialistic workers among the farmers of this district. A committee was named last evening to make arrangements for a big meeting of the farmers to be addressed by Prof. Leo M. Gelsmar.

More than a dozen applicants were admitted to membership last evening.
